

2018 GRANT APPLICATION INFORMATION

Wyoming Breast Cancer Initiative (WBCI) is excited to be able to offer another round of grants for 2018 programs! Last year, we funded all applications that we received and this year we hope the same and new programs can be supported. Thanks also to our many volunteers, supporters, and event sponsors who are raising funds through various events across the state.

WBCI Grants are managed by the Wyoming Community Foundation, the WBCI's fiscal non-profit sponsor. Please visit the Wyoming Community Foundation website for online instructions ([link here](#)) on the application process or if you need assistance from their wonderful program staff just email anita@wycf.org

About the 2018 WBCI Grants

It is our goal to make "right sized" grants throughout the state to help support breast cancer programs focused on education, early detection screening or diagnostics, patient navigation, and survivor services. We anticipate at least \$75,000 available from funds raised in 2017. Each grantee will be asked to promote WBCI within their grant cycle by promotions, marketing, or event participation.

Deadline for application is **5:00 pm on Friday, September 29, 2017**. Grant notification will be mailed by **December 8th, 2017**
